Miss Ada Lum

When you respond to the honest thoughts and feelings of the writers with, "Hey, that's me, too!" you understand yourself better as a human being. When you see God as they did, you will go deeper with God. In this course you will learn different ways of breaking down the psalms so they become more practical. You will learn to hear God more directly and talk back to him more frankly. Workbook included.

Rev. Kenneth W. Humphries

Have you explored the work of a New Testament writer and found that he used known Church Hymns as part of the scripture text? It's true. Known songs were used to help in textual memory aids for people of an oral tradition community. Not everyone had a Bible to look up the text, but they could retell the story, even in song. We will explore these songs and their meaning.
